

SILVERCARE SERVICES

The monthly care level fee is based on the resident's score from the initial level of care assessment. A Registered Nurse will assign point values to a resident's activities of daily living and behaviors. The level of care assessment is also used in planning the resident's service plan. Re-evaluation of the resident's level of care and service plan will occur on a regularly scheduled basis or upon a change in condition. The total Reflections Dementia Care monthly statement is comprised of your studio rent, level of care package plus any à la carte charges.

LEVEL OF CARE

1	2	3	4	5
Score 0 - 9	Score 10 - 12	Score 13 - 18	Score 19 - 24	Score 25 +
