

# SILVERCARE SERVICES AND PRICING

Monthly care service fees for assisted living are based on the resident's score from the Care Level Evaluation tool. A licensed nurse determines the resident's level of care by assigning point values to the individual resident needs, including symptom management. Level of care evaluations are completed initially when determining the monthly costs. Re-evaluations will be done as needed when there is a change in status.

<b>SERVICE - ASSISTED LIVING</b>	
<b>INITIAL ASSESSMENT</b> An initial health assessment completed by an RN prior to initiation of Home Care Services.	
<b>BASIC SERVICES</b> Daily wellness check, Resident Assistant (RA) availability on-site 24/7, maintenance of health records, a 15-minute check-in and 90-day assessment by an RN and a pendant. Basic Service fee is a required minimum monthly fee.	
<b>PERSONAL CARE SERVICES</b> Scheduled services will be provided by Resident Assistants (RA) to include dressing, bathing, grooming, meal assistance, laundry, ambulation, toileting, incontinence care and bed making.
